

Ursula von der Leyen, President of the European Commission
European Commission
Rue de la Loi 200, 1049 Bruxelles

CC: Frans Timmermans, Executive Vice-President of the European Commission
Chair of the EU high-level multi-stakeholder platform on SDGs

16 December 2019

Re: Letter from the EU high-level multi-stakeholder platform on SDGs to President von der Leyen

Dear President von der Leyen,

We, as members of the EU high-level multi-stakeholder platform on the Sustainable Development Goals, would like to congratulate you on your appointment as President of the European Commission.

It was with great pleasure that we saw several of our [joint proposals to move towards a Sustainable Europe](#) (see joint letter and report annexed) reflected in your Political Guidelines 2019-2024 and in the mission letters for your College of Commissioners:

- Your call on each Commissioner to ensure the delivery of the United Nations SDGs within their respective policy area;
- Your decision that the College as a whole will be responsible for the overall implementation of the Goals;
- Your commitment to integrate the SDGs into the European Semester policy coordination cycle with Member States;
- And also your headline ambitions such as a European Green Deal, an economy that works for people, a Europe fit for the digital age, a stronger Europe in the world as well as a new push for European democracy.

All of these will play a crucial part in moving Europe over the next 5 years onto a sustainable path that will benefit all people and the planet.

We as platform members are eager to think with you how best to go about this in an integrated manner. Scientific evidence shows that overcoming policy silos by leveraging interactions among the Goals is a prerequisite to the achievement of all 17 SDGs. We hereby reiterate our call - shared by the [European Council](#) and [Parliament](#) - for an overarching Sustainable Europe 2030 strategy and implementation plan to allow for such an integrated, time-bound and targeted approach that can underpin the renewed European Semester process. In addition, we call on you to take the political leadership to steer this whole-of-Commission approach. Furthermore, we call for the renewal of the platform's mandate - expiring at the end of 2019¹ - to be able to advise you in this endeavour, giving the various areas of expertise we can bring and the work already done, both at EU and Member State level.

We wish you and your team a smooth start and would welcome the opportunity to meet with you to exchange on the best ways forward.

Yours sincerely,

Members and observers of the EU SDG Multi-stakeholder Platform

¹ C(2017) 2941 final

Members:

1. Johannes Trimmel, President, CONCORD Europe
